**REPORT ON NCC ACTIVITIES**

NCC cadets of Vivekananda College for Women take enthusiastic participation in all round activities offered to them by the officers of NCC. The camps are organized to give scope to the cadets to get acquainted with various activities which are deeply needed for comprehensive human resource development.

The details of their participation in various activities are listed in the **QnM**. Here some glimpses of their activities during the assessment period are described.

## **2017-18**

Competition on Rifle Shooting (Sl. No1) had been attended by NCC cadets of the College.

Often camps are organized to inculcate feeling of national integration. (Sl. No. 2,3,4,5,6,7) The cadets of this institution participated in National Integration Camp (NIC) held at different parts of this country like Kakinara, A.P., Udaipur (Rajasthan), Delhi, Warangal (Andhra Pradesh), Rourkela (Odisha), Burdwan (West Bengal).

This has given opportunity to the young cadets to get in close contact with cadets from other states of India and scoped to know about different languages, variation in culture, diversity in food habit etc.

Besides this, a sense of unity has also been generated in their mind and is expected to help them to act in unison with other people hailing from other parts of the country in future. Apart from national integration theme based camps, other camps are organized with a view to grow physical ability amongst cadets. List and glimpses of few of the events has been given over here which shows the various activities where the cadets of this institution got the chance to discover their own physical ability and mental strength

### **SL.NO.1 ThalSainik Camp (Darjeeling)**

## **2018-19**

NCC cadets need to develop endeavour to overcome physical hardship and gather mental strength and not to bog down under adverse circumstances. For this camps are organized for the NCC cadets every year by the commanding authority of NCC.

Rock Climbing Training is one such endeavor. Here one needs to be physically fit enough to intercept a steep rock face. More than that the rock faces with various configuration put the climber to make plan at the moment when he or she is in hanging position and think how to get hold of the pinches and push the body up with the help of rope and carabiner. This needs huge self-confidence, observation ability, body balance and precise movement. Failing which there is every chance of facing accident. Cadets of this college participated in programs of other than rock climbing; Camps were also organized for Rifle Shooting. This also needs huge precision in hitting the target from a distance. Any wrong movement at the shooting zone may turn to be fatal. So, the cadets need to handle the firearms with utmost care. East Zone Shooting Competitions were held at Asansol, where the NCC Cadets of this college took participation with success.

Beside this they took a brief nursing training at Command Hospital, Panagarh. That helped them to acquire skill to act at the time of any medical need of a person.

**SL.No.14 Rally for Environment Day**

**SL.No.25 Ceremony of Sukanya Certification**

**2019-20**

COVID 19 made its presence felt in the year 2020. The outdoor activities all over the world got stalled during this time. So the NCC cadets of this college did not have much scope to participate in camps. Even their will to participate in some camps could not be foiled by this deadly virus. In spite of this hurdle, they went to participate in Advance NIC held at Dadra and Nagar Haveli, Gujarat, East Zone shooting competition held at Asansol.

They were undaunted at the face of COVID and participated at Inter battalion competition held at Kol-B, Club house. They also participated in Firing Capsule Class at Police Training School, Kolkata.

However as the COVID 19 tightened its grip on the normal mode of life of man, the NCC cadets also had to get contained within online activities. So they started to get involved in online activities like poster making on COVID 19, online Yoga Day celebration etc.

## **2020-21**

The Covid 19 impacted on all activities all over the world during this period. That had an effect on NCC activities too. But the NCC cadets are trained not be intimidated down by any incidence. So they switched over to online mode to carry on their activities. As such they start participating in online SSB Capsule Course, Online Constitution Day Celebration, Online Kargil Vijay Dibas Celebration, Online Atmanirbhar Bharat Campaign and so on.

However, later on when the whole world came to know how to live with Covid 19 the normal activities gradually started to restart. The NCC cadets of this college got involved in some social awareness programme besides typical drill oriented activities. They participated in World Environment Day, World No Tobacco Day, World Earth Day, World Blood Donor Day, International Drugs Abuse Day, Tree Plantation Drive and World Cancer Awareness Day and so on in the neighbourhood of the College. This helped them to get connected with the common man and support them to be on right track.

## **2021-22**

When the normal life bounced back in this year the NCC cadets also came out from the shell of online mode and got involved in various activities and that may be said they switched over to offline mode. Their intention to be part of various activities got full length support from the organisers of various activities. That ranged from NCC Day Celebration in Kolkata to Namchi Trek in Sikkim. Certificate Examinations are rated to be good evaluative system in giving judgment towards physical and mental ability of a cadet to act at the face of any adverse situation of a society. The NCC cadets of this college got through 'B' Certificate and 'C' Certificate Examinations with success. The ability of the girl students in particular from this college has got recognition from the competent authority and that gave enough scope to the successive batches to come forward and carry on the mantle with success.
